

Discovering the Adult Baby in you - the joys, the struggles, the highs and the lows.

"Six Misfits"

When I first read Dylan Lewis' book ["Six Misfits"](#), I was immediately thrilled with a story of adventure and fun, underscored by the trauma of LGBT and Teen Baby teenagers.

While it seems odd, the story immediately reminded me of the dozens of Famous Five books of last century which were the staple fare of book-hungry children (and myself!) a generation ago. Well, that would be true if Enid Blyton had been LGBT and TB aware and used edgy situations and dialogue that is... So, perhaps the comparison is slim at best!

The author has a great sense of adventure and this 35,000 word story appeals to teenagers and adults alike, with the added touch of a Teen Baby to just surprise a few people not quite ready for it. More than a few LGBT-friendly readers will discover a Teen Baby for the first time.

Not to be outdone, the second book in what we hope will be a multi-book set – "Six Misfits – a man and a dog" will be released shortly as well.

This novel is a sympathetic and potent treatment of the problematic mix of LGBT/TB issues and the regular difficulties of the teenage years.

Maybe you too have a story you wrote years ago sitting in your desk drawer waiting for the light of day. Just maybe?

Rosalie Bent

I wonder if Teen Baby Dylan from the novel wears diapers like these?

AN AB DISCOVERY BOOK

SIX MISFITS

*Being LGBT or Teen Baby is no reason to
be angry or afraid.*

DYLAN LEWIS
