

Discovering the Adult Baby in you - the joys, the struggles, the highs and the lows – and the journey.

Discharged Into Infancy

In real life, Lucas is not the first person to be discharged from military service for being an Adult Baby or for bedwetting or even for having a fetish for plastic pants.

In this book, Lucas is given a medical discharge from the Army after his fetish for plastic pants is discovered. The psychiatrist given his case is retiring and she decides to 'take him on' as an ongoing patient, offering a cure for his 'problem'.

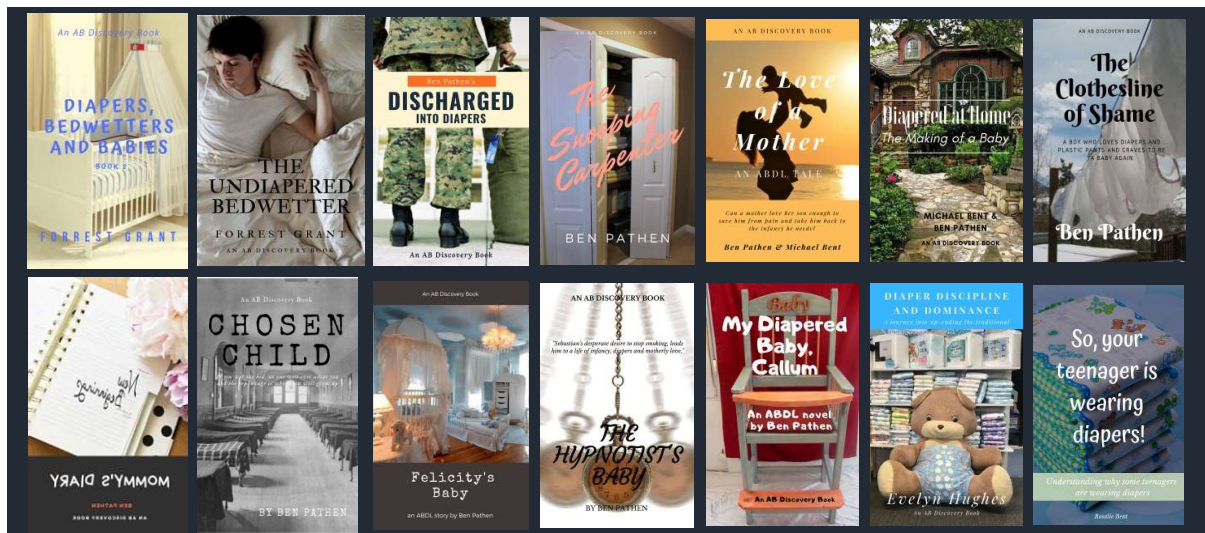

But no cure is sought, nor is one even wanted. In short order, Lucas becomes a full-time infant, wearing nappies and plastic pants, bottle feeding and sleeping in a cot.

*** If you prefer your books to talk about diapers and cribs and in North American spelling, this title is also available in this style: 'Discharged into Diapers'.*

Diapers or Nappies? The North American Collection

For each of us, the power of words is incredible. Growing up in North America, it is the words 'diaper' and 'pacifier' that causes us to react to their babyish attraction. But for others, in the UK or Australia, it is the words 'nappy, dummy and cot' that cause us to remember our infancy and to long for it once again.

AB Discovery aims to meet everyone's need as best as possible. The list below is our fourteen fiction and non-fiction books that come in 'nappy' and 'diaper' versions.

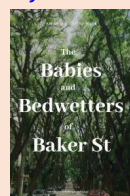

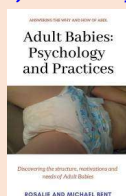

What's Coming Up?

AB Discovery has a lot of new books coming up over the ensuing months. We rarely know what will arrive in our inbox or when, but we do know what the next three publications will be and expect them to be published in June.

Perhaps you are interested in some of our books, but unsure if they are what you are after or not? We now have preview sample PDFs of many of our books and you are free to try out as many as you want! Click below to find the free sample.
