

## Well... It's almost 2020!

2020 is a chance to forget 2019 if it was a year you'd rather not remember. If, however, it was a good year, then it is a chance to build on the successes! But no matter how good – or bad – your year was, now is the time to take a bit of a breather, put on a diaper (or nappy), shove a dummy/pacifier in your mouth and – depending on where you live – curl up in front of a warm fire, or enjoy the cool of the aircon.

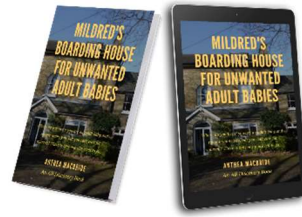

While you sit there, we can give you a hand in selecting a small, medium or large pile of ebooks to enjoy before work calls you back. To that end, here are three special offers for you to consider up until Jan 2nd!

12	<a href="#">Books for \$39</a>	<a href="#">Click Here</a>
20	<a href="#">Books for \$59</a>	<a href="#">Click Here</a>

And if you don't want to buy a pile of books, may we suggest three of the best books to come our way in recent days? The much lauded [Where Big Babies Live](#) (originally published as *City of Dreams*) and the fabulously entertaining [The Rehab Regression](#). Or perhaps you might try a quite different touch with Madeline Wood's [The Book Club Baby](#)?

Coming up in 2020 is a new female author Anthea MacBride with her novel: *Mildred's Boarding House for Unwanted Adult Babies*. If you would like to read the first pre-release chapter, click [here](#) to check it out.
